

Washing Dishes by Hand

Benton-Franklin Health District Food Service Fact Sheets

Benton-Franklin Health District, Environmental Health Division

When washing dishes by hand, follow this procedure:

- clean and sanitize the sink
- scrape leftover food into the garbage
- **WASH** dishes in hot soapy water in the first sink
- **RINSE** dishes with clean, hot water in the second sink
- **SANITIZE** by soaking the dishes in the third sink filled with an approved sanitizer
- **AIR DRY** all utensils instead of using a towel
